

YS Report for March 2023

1. Please to report there are only one or two spots left for this year.
2. We are having difficulty (Sue) reconciling receivables. Can we get direct access to Google pay to prevent issues?
3. Inflatables are ready and repaired ready for pickup.
4. We need to discuss a category for Junior Membership at this meeting.
5. Town grant monies should arrive soon.
6. Walt Cooper's donation has been forwarded to Sail Canada for furtherance under their FAP program. Thanks Walt.
7. What is the process for applying for a Trillium Grant? Last year a Committee was set up and the YS portion was not applied for. Per our mandate as voted by membership, we are applying for grants for replacement boats.

What is the process for application i.e. does it go through this Committee? We would prefer not to but do not know if the Executive is applying and if more than one is allowed. Either way YS needs to proceed and needs immediate direction.

8. Our succession plan was outlined in last months report.

Sincerely
YS Committee
