

Commodore's Report

We shared our Race schedule with the other clubs, we'll get a copy of theirs to post.

Upper Canada's Commodore Meeting March 21, 2023

Discussion: There was a discussion regarding asking Crew to obtain an Ontario Sailing Crew Card for \$30/yr so they are held by OS's code of conduct. Perhaps for Crew who plan to join a boat more than three times. Another option is to have the crew join as Social members.

LMYC 's Social membership is at around \$50/year. Southport is \$75/year.

LMYC's way of vetting new members who don't have sponsors is to have the Executive invite them to a meeting to get to know them, then ask them to join a couple of work parties to see how they interact with members and evaluate their willingness and effort towards the Club before accepting them.

Board members will soon be asked to have Police Clearances. (didn't hear who would be asking this)

Lasalle will be celebrating their 55th year this summer with Hula dancers, fireworks, pig roast and will send out some invitations.

LMYC posts outstanding dues on their Bulletin board with a lock box for cheques to the Treasurer.

Sent out Survey for Member talents and skills. One reply so far. Very disappointing.

Waiting on a few more replies before sending out a chart to Executives for Member talents and skills for updating.

Commodore's Ball is coming along nicely, approximately 50 in attendance.

Starting to work on the Open House but need all hands on deck for this one.

ONCA meeting with Rachel Park and Walter Cooper to work Bylaws.

New Docks committee waiting on a survey type document before holding their first meeting.

ONCA Meeting March 31, 2023 - ONCA Committee (Rachel and Walter) and I met and reviews ONCA Bylaws. All items were addressed and will be forwarded to the Executive with resolutions.

Rachel Park will send an email out to Norton regarding status of the Town Agreement.
