

January 18th 2023 Meeting with Zachary Knox, Walt Cooper and Rachel Park.

Reviewed the old agreement.

Review a plan of the harbour and which lands are owned by CIYC, the Town and Federal Government.

Reviewed the history of the new channel built by the Town to the Town docks.

Zach will create a new agreement, taking instruction from John Norton and Parks and Rec representatives, Richard Wyma, Courtney Godfrey and Ed Parks, based on our previous meeting.

We can expect an agreement for our review soon.

Advised by Zach that the Town is negotiating with the Federal Government regarding the leased land.

The outcome could impact the agreement with Toot.

A new agreement regarding Toot and CIYC is being drawn up which would not include Melton's and would provide finances for us to pay for ongoing maintenance costs.

Docks along the Federal channel may be used by the Club by request to Courtney Godfrey, notifying her of the dates requested.
