

Commodore's Report May 2023

Received and reviewed skills and interest survey from membership. Creating a Membership Skills and Committee chart with Beth's help. With further investigation, we can ask members for their qualifications.

1. At a glance enables us to know who to contact for certain jobs
2. Familiarize ourselves with members skills and interests
3. Learn who is the most qualified to do whatever work needs to be done, i.e. licenced plumbers, etc.
4. Offer the opportunity for members to join committees to learn new skills as part of our succession planning
5. Help nominating committee determine best people for Board positions.
6. We can post on the website and in the Club House. Members are welcome to add to it anytime.

Once the Executive has a chance to look it over and comment, we can send it out to the membership. There are members who are not listed on this document.

Open House

Flyer is done. We need to promote this event as much as possible. Would love to see 5 new full time members and lots of Social members.

Commodore's Ball-53 Attendees

Thanks again to those volunteers who helped organize the Ball and Paul Cairoli for Emceeding. It was a great success and went very smoothly.

Expenses (tickets were \$75 included the meal and a drink.

2 flags	237.49
Meals, drink, KGCC	3080.40
